

West Warwick Comprehensive Plan Advisory Committee Members Wanted

Do you care about your town? Do you want to help to shape the strategy for how West Warwick will grow and thrive over the next 20 years and beyond?

The West Warwick Planning Board is looking for residents, business owners, and interested others, with a passion for their Town, to serve on the West Warwick Comprehensive Plan Advisory Committee.

The new Comprehensive Plan will dictate changes to many of the Town's regulation and ordinances and create a vision for the future of the community. Advisory Committee members will play a major role in helping to craft this critical document. Committee members will be expected to attend regular weekly work sessions, assist with data gathering and document development tasks and attend scheduled public workshops. This will be a 3 – 6 month commitment beginning in mid-October.

To be considered for the committee, please submit a letter of interest detailing your history with the community, as well as any special skills and/or experience that you might bring to the committee. West Warwick residency is not a requirement if you work or are actively involved with community issues.

The future of the Town depends on you!
