

Dear West Warwick Families of the Community,
With a very heavy heart after careful review of available information relating to the impact of the COVID-19, the Town of West Warwick administrative management team has decided to cancel our 2020 West Warwick Civic Center Summer Program. Given the current available information relating to the COVID-19 and the governor's guidelines we cannot guarantee a fun and safe summer program. Please know that this was a painful decision for our town administrative management team to make. This program has undeniably impacted positively to our children, working parents and over all community. We understand that many children, parents and staff members will be disappointed, and we the town administrative management team also share in the disappointment.
If you have any further questions, please feel free to reach out to Laurie Swanson at Lswanson@westwarwickri.org or 401-615-8241.

We extend our best wishes for health and safety.

Town of West Warwick
Civic Center
Laurie Swanson
